Course aims:

- To provide teachers with an opportunity to work with students on extra curricula activities.
- To give information about mathematics at post 16.
- To look at how to problem solve and work as a team.

Light refreshments are provided but students and teachers will need to bring packed lunch. Accompanying staff will need to ensure allergies are noted and adhered to for their students.

Accompanying staff should also have parental permission, image permission and details of any special needs. A form will be provided on arrival for accompanying staff to advise the organisers of any needs or exceptions.

Maximum of 12 students per school. Places are limited so please book early. This event is suitable for years 9 or 10. There will be a walking tour on campus so suitable clothing should be worn.
