

The Further Mathematics Support Programme

Year 2 (A2) Further Maths Pure

Edexcel specs

This course is intended to provide content and teaching ideas for teachers who will be offering Year 2 (A2) Further Maths Pure element for the first time.

Kingston University, London

Tuesday, 10 July 2018, 9:30am – 4pm

This one-day course will focus on key topics of the Year 2 (A2) Pure content of the new A level Further Maths. We will cover Differential Equations, Complex Numbers, Hyperbolic Functions and Polar Coordinates. The course is specifically designed for the Edexcel specs.

We will assume that delegates are familiar with the Complex Number content of AS Further Maths.

Edexcel Year 2 (A2) Further Maths Pure content: Differential Equations, Complex Numbers, Hyperbolic Functions and Polar Coordinates

Assumed Knowledge

Complex Numbers content of AS Further Maths

Course leaders:

Luciano Rila, FMSP/UCL

Ashley Bowden, FMSP Associate

Course aims:

- To provide teachers with an opportunity to improve or refresh their subject knowledge of the key topics in Year 2 (A2) Further Maths Pure.
- To examine the key points in each topic
- To introduce teachers to teaching ideas and resources

Course fees

Fees for this course will be £50 per teacher (£100 if your school/college is not registered with the FMSP). Registration is quick, easy and free at www.furthermaths.org.uk/register.

Bookings
