

The Further Mathematics Support Programme

Introduction to teaching Mechanics for the New A2 Maths Specifications: CPD Day.

Venue: Queen Elizabeth Sixth Form College, Vane Terrace, Darlington.
DL3 7AU.

Wednesday 27th June 2018: 9.30am to 4.00pm.

The topics covered will be:

- Vectors and Forces
- Resolving Forces
- Using calculus
- Projectiles

The course aims to provide an introduction to Mechanics for teachers who have not taught Mechanics before or are relatively inexperienced in delivering it. Some familiarity with the AS Mechanics content would be advantageous.

Course aims:

- To look at the A2 topics in detail from the Mechanics section
- To give ideas for teaching topics from the Mechanics section.
- To explore links within the topics and with other areas of mathematics

Presenters: Michael Gibson and Paul Wilson (FMSP)

Course fees:

Fees for this course are £50, including lunch and refreshments. (£100 for schools not registered with the FMSP)
