

Further Mathematics Support Programme Introduction to teaching A level Pure for Beginners

(for 2017 Specs)

**Wednesday 4 July 2018,
9:30 am – 3:45 pm**

Keele Hub for Sustainability, Home Farm

Keele University, Keele, Staffordshire, ST5 5AA

**This CPD event is intended to help teachers who are NEW to teaching A level Maths
or those with very limited (only one or two years) experience.**

We will cover topics in the new specifications, such as the trigonometry, calculus, algebra, functions and sequences and series topics, looking carefully at what has changed and moved.

We will also be examining topics new to the 2017 specifications such as proof and how they might be taught in the first year of the A level course.

We will also look at ideas to develop and incorporate ICT into A level Maths teaching and learning.

Martin Withington (*Consultant for Mathematics in Education and FMSP Associate*).

Martin has taught A level Maths and Further Maths in a Sixth Form College, and an independent school, before retiring from full time teaching in 2008. He has extensive experience in using IT both in the classroom and for resource preparation. Since 2002 he has tutored annually at the TSM Conference which attracts delegates from around the world.

Richard Stakes (*Teaching Fellow, Keele University and FMSP Area Coordinator*).

After completing a PGCE, teaching for 3 years in Tanzania (with VSO), then completing a Masters of Education, he has taught A-level Maths in schools, FE colleges and Sixth Form College and most recently at Keele University as part of the First Year Tutor Team. In addition to this he works as an Area Coordinator for the Further Maths Support Programme, helping to promote and develop the teaching of Further Maths in local schools and colleges.

Cost £50 per person by cheque or invoice
(to include tea/coffee and buffet lunch).
Cancellation terms apply (please see the booking form)
