future Networks/PD.**

Leeds KS5 Mathematics PD/Network

Supporting Teachers Teaching A-level Mechanics

At this meeting:

Tom Roper (Mechanics Specialist) will lead the session looking at strategies for engaging students in studying mechanics, including some very simple practical activities, what kinds of misconceptions students have, how to find out if your students have them and how they might be addressed. There will also be consideration of progression of mechanics from year 12 through to university level.

Feedback from previous Network:

- ***Very interactive and further developed my understanding of modeling assumptions.***
- ***Brilliant practical elements to use in my classroom.***

More information

This session is free thanks to funding from the AMSP. Light refreshments will be provided from 3:30pm.

For more information please contact:

Raj Kumar: rajkumar@furthermaths.org.uk

Mobile: 07508 956 426

To confirm attendance please email: rajkumar@furthermaths.org.uk

Mathematics Teacher Networks is an AMSP-funded project allowing teachers of maths to meet, to collaborate and to share professional development. We meet termly and the programme is a mixture of informal sessions and training events.
