

The Further Mathematics Support Programme

## Take Maths To The Limit

Year 12 Mathematics Day

University of Bath, 3 July 2018, 9:30 to 15:30

The Further Maths Support Programme and the University of Bath would like to invite Year 12 mathematics students and their teachers to attend a mathematics enrichment and development day.

This one-day event will provide teachers and their year 12 students with information and guidance about applying for mathematics courses at university. In particular the day will focus on what is involved in admissions test and entrance examinations (**MAT**, **TMUA** and **STEP**) and will provide an opportunity for both teachers and students to try to solve some of the problems.

The day will include:

- **What are MAT, TMUA and STEP?** – Background to these papers, the differences and the skills they are aiming to assess
- **Problem Solving Workshops** – Students and their teachers working together to solve the problems.
- **Mini Lecture** on key techniques
- **Fun Maths Roadshow** – A varied and dynamic maths challenge

This is a free event for teachers and students in state-funded secondary schools or colleges, which are registered with the FMSP, and is being supported by the FMSP and University of Bath. Places will be limited to 2 teachers and a total of up to 15 students from year 12. Students should bring a packed lunch. Lunch will be provided for teachers.

### **Booking Details**

- All bookings should be completed by a teacher, even if students are attending unaccompanied. To reserve places complete the form here:
