

**Next Meeting:**

**TBC**  
**Winter Term 2018**

@Teesside University,  
Darlington Campus

**For more  
information contact:**

**Jeremy Dawson**

[jdawson1@live.co.uk](mailto:jdawson1@live.co.uk)

**Don't miss our  
future meetings**

*We attempt to hold termly meetings which have a tight focus on examining resources and lesson sequences that aid teachers in developing their classroom skills and provide deliverable content.*

*Next academic year to be confirmed.*

# KS3/4 Mathematics Network 28<sup>th</sup> June

## Delivering Enrichment 2/2

**At this meeting:**

The session will be split into 2 parts.

Pt1: Continuing on from last session we will look at ways of developing algebraic representations and understanding.

Pt2: Delivering enrichment

- An introduction to Polyhedra – in this session we will focus on the mathematical objects that usually adorn the covers of glossy school textbooks but are rarely actually described or investigated within. We will look at simple and enjoyable ways of making them and how to reveal the connections and relationships that they hold, along with some exercises and problems which make them relevant to GCSE mathematics.

This session is free thanks to funding from the FMSP. Lunch and refreshments are provided from 12:15 to 1:00, with a 15 min break at approx 2:15

**To book a place please contact:**

The FMSP KS3/4 Network meeting is held termly and is free to attend. This year's emphasis is on delivering enrichment and the sessions will provide detailed explanations of resources along with delivery notes for staff to deliver enrichment sessions within their own institutions.
