Edgbarrow KS5 Mathematics Network

Planning to offer Core Maths?

Core Maths is about students doing meaningful mathematical problems to increase their confidence in using mathematics to be better equipped for the mathematical demands of other courses, higher education and employment.

At this meeting:

Ken Chamberlain will outline the concept and content of the Level 3 Core Maths courses.

These questions will be considered:

- Who is it for?
- What are the benefits?
- How is it taught?

As always there will be time to share ideas and generally network with members of other maths departments.

Please let us know if you are planning to attend:

For more information and to confirm attendance please email Denise Holloway:

Denise.Holloway@edgbarrowschool.co.uk

The Edgbarrow School Mathematics Teacher Network is an FMSP-funded project allowing teachers of maths to meet, to collaborate and to share professional development. We meet once or twice a term and the programme is a mixture of informal sessions and speaker-led training events.

The focus of the meetings is usually around KS5 mathematics although we also consider issues at KS4. All teachers are welcome.

**Have you registered
with the Advanced
Mathematics Support
Programme?**

An Initial Registration Form is now available for the AMSP, which started on 1st May, see: www.amspp.org.uk
